

Burnaby Schools

Childcare in the District

The Burnaby Board of Education has been engaged in supporting childcare programs at Burnaby schools for over 35 years. Currently we have more than 1,400 total childcare spaces, across 29 District sites, with 18 different providers.

The City of Burnaby and School District are currently working to install modular childcare facilities at Capitol Hill and Montecito Elementary schools. In May 2019 the district initiated a Request for Proposal process to find local non-profit childcare providers to operate group childcare (3-5 years) at each centre. We are pleased to announce that the Capitol Hill site was awarded to Lower Mainland Purpose Society and the Montecito site was awarded to Burnaby Family Life.

These childcare providers will be responsible for the enrollment process for each centre. It is expected that these centres will open in late Spring 2020.

The District is also currently partnering with the Province and the City of Burnaby to create an additional 601 new spaces at eight different locations on school district property.

The 601 spaces will be serviced by the following childcare providers at these eight locations:

• Burnaby North Secondary	Puddle Splashers	23 spaces
• Cascade Heights Elementary	YMCA	67 spaces
• Marian Learning Resource Centre	SFU Childcare Society	103 spaces
• Marlborough Elementary	Burnaby Neighborhood House	78 spaces
• Rosser Elementary	Lower Mainland Purpose Society	18 spaces
• Stride Avenue Community School	Burnaby Neighborhood House	67 spaces
• Suncrest Elementary	Burnaby Neighborhood House	54 spaces
• Westridge Elementary	Puddle Splashers	91 spaces
