March 11, 2022

Dear Families and Staff:

As you may already be aware, Provincial Health Officer, Dr. Bonnie Henry, has announced changes to COVID-19 province-wide restrictions. You can learn more and see the press release [here](#).

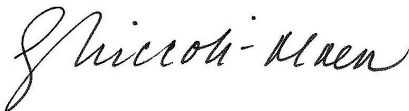

In addition, Provincial COVID-19 Communicable Disease Guidelines for K-12 Settings are also being adjusted. A summary of key updates in the document can be found [here](#). These changes are effective for schools on the first day of Spring Break and may be most apparent for students and families in the Burnaby School District once classes resume on Monday, March 28.

As restrictions are being eased, we continue to encourage everyone in schools and district worksites to do a daily health check, stay home when sick, and practice hand hygiene and respiratory etiquette.

We also recognize that individuals may experience varying levels of comfort during this time of transition. As we have seen so many times over the past 2 years, the kindness and compassion of the Burnaby community has made all the difference. Thank you for your patience and continuing to support one another as we transition through these latest changes.

I want to extend deepest thanks for your continued support and understanding. And, above all, it is my sincere hope that you and those you love most will have a wonderful Spring Break.

With warmest wishes,

Gina Niccoli-Moen, Superintendent
