APRIL 2 & 3 – Grade 8/9 Classes Only

April 4 - ALL Secondary Classes

▶ TUITION-FREE?

Secondary students who meet the following criteria are eligible to take tuition-free courses if you:

- are under 19 years old (born after June 30, 2006)
- are a Canadian citizen, permanent resident or convention refugee
- attended a BC school in the 2024-2025 school year
- and your parent/guardian currently reside in BC
- have a BC Personal Education Number (PEN)

Students who have completed Grade 7 or 8 may take one tuition free course. Students who have completed Grade 9, 10, 11 or 12 may take up to two tuition free courses.

- ▶ **Transfers & refund requests must be made by noon on July 7, 2025.**
- ▶ **Those not eligible, or those signing up for courses requiring fees can pay by Visa or Mastercard.**

▶ Daily Attendance

Daily attendance is crucial for student success. Students are expected to arrive on time every day, and be prepared to work and participate fully in class.

Given the rapid and condensed pace of Summer Session, extended absences for any reason are not accommodated. These include, but are not limited to, work, vacations, sporting events, games/practices, or family commitments.

▶ Learning Support

If your child has an Individualized Education Plan (IEP) and/or a Fraser Health Care Plan and is currently receiving additional learning support provided by an Education Assistant (EA) at school, we encourage you to complete the online registration **by May 3** to evaluate the level of support necessary for your child. Registration decisions will be made until the middle of June. Please only reach out to the Summer Session office **after June 16** if you have not received information about your child's

▶ Crafting our Digital Futures: Digital Literacy Through Art and Story

This session is offered in collaboration with the Burnaby School District, SFU's Digital Democracies Institute and SFU's School of Communication.

Crafting Our Digital Futures: Digital Literacy Through Art and Story is a summer course developed and run by educators from the School of Communication in partnership with FCAT, the Imaginative Methods Lab (SIAT) and the Burnaby School District.

This course is designed around a series of discussions, hands-on workshops, and making activities that engage with some of the biggest questions in digital media: How does social media learn our preferences and shape our view of the world? What are the values and opinions embedded within algorithms? How does AI blur the boundaries between fact and fiction? How can communities challenge big tech?

Each week students will tackle a unique theme and issue using both analog and digital tools that seek to develop their critical making skills, while crafting alternative visions for our digital futures. Ultimately, students will gain a sense of control over their data-fied selves and the digital tools they use everyday.

July 3 - July 31, 12:35 pm - 4:25 pm*
