1. Fast Tracks, Bright Futures: Celebrating Our Young Athletes

Earlier this month, the District Elementary Track Meets took centre stage. As the culminating events of the elementary track and field season, student athletes competed in the north side and south side meets held at Swangard Stadium over two action packed days. The inclusive approach to the meets provides elementary students the chance to compete in track events against students from other schools, while fostering school spirit during the dynamic day of racing.

This evening, we welcome Cesare Martino, District Principal, Burnaby Community & Continuing Education, Mike Baldin, Acting Vice-Principal, Buckingham Elementary School and student athletes; Abigail Kunc, Grade 4 at Buckingham Elementary, Stephanie Tsai, Grade 7 at Nelson Elementary, and Celina Tse, Grade 7 at Nelson Elementary, who will share their experiences competing in this event.

Recommendation:

THAT the Board of Education receive this information.
