

ADMINISTRATIVE PROCEDURE #502

ELECTRIC VEHICLE CHARGING STATIONS

BACKGROUND

The Board supports the establishment of Electric Vehicle (EV) charging stations on School District land, for the purpose of supporting the District maintenance department vehicles and supporting staff, students and community members with their commute. The Board Strategic Plan and the District Sustainability Strategic Plan support the reduction of overall greenhouse gas output and carbon footprint of the District.

PROCEDURES

1. EV charging stations, where installed, will be provided to staff and community members on a user-pay rental basis. District staff driving District owned vehicles are supported at no cost to the driver.
2. The following rental rates shall apply for staff, students and community members:
 - a. Rental Rates:
 - i. \$1.50 per hour starting from the time of connection for 3 hours.
This rate is based on covering costs incurred by the Board for the usage as of January 1, 2026. This rate will be adjusted annually to ensure it is covering costs.
 - ii. \$6.00 per hour for time in excess of 3 hours.
 - b. Hours of Operation:
 - i. EV charging stations shall be operational from 7:00 am to 10:00 pm 7 days per week.
 - ii. Access to EV charging stations is subject to when parking lot gates are open.
3. Access to EV charging stations that are provided within locked compounds (i.e. school parking lots) may be limited based on regular school hours of operation. While EV charging stations may be active, special access will not be provided when compounds are locked.

Date Adopted: 2022-02
Date(s) Revised: 2026-02
